

Certified Integrator Workshop

Just Add
Power

Just Add Power's Certified Integrator Workshop provides you with all of the information needed to design, install, and configure a Just Add Power AV over IP system while making the most of our features and functions. You'll learn to anticipate and prevent issues that may arise with complex or enterprise integrations, as well as how to take over maintenance of an existing system. This is an in-depth workshop that includes extensive hands-on activities with Just Add Power equipment. Integrators completing this workshop may earn Avixa RU's and CEDIA CEU's.

Training Overview:

Configuring a System

- Standardized - Easy Template
- Alternate - Network managed by IT Admin

Hands-on Setup & Troubleshooting

HD over IP Features & Benefits

IPv4 Basics

Feature Control

- Image Pull
- Tiling
- Video Wall
- Warp Engine

Integrated Endpoint Control

- RS232 / IR / CEC
