AV over IP Solutions

4K Standard Receiver

The Just Add Power 3G Ultra 508POE Receiver distributes 4K video and supports all lossless audio formats over a single Catx cable.

The 508POE receives and processes a 4K or lower-resolution source from a Just Add Power Transmitter and distributes video to the designated display; features enhanced image play: image push, image pull, and image pop - along with all the 4K Receiver system wide features from the 3G Ultra product line.

Features

HDCP 2.2 Support	Display content with HDCP 2.2 copy/content protection on any HDMI screen in system	Image Pull	Preview an image from any source or display in any web browser or control system - up to 10 fps
Image Pop	Display a custom logo or message as an overlay on any active screen	Integrated Endpoint Control	Control endpoints with RS232, IR and CEC
Image Push	Load a custom default image or logo for when no source is displayed onscreen	Scalability	Fully compatible with all 3G Ultra and 2G Omega products
		Video Rotation	Rotate your video by 90° for portrait or landscape display
